

# **26<sup>th</sup> NATIONAL SYSTEMS CONFERENCE (NSC 2002)**

**November 18 – 19, 2002, Hyderabad**

## **Summary**

The Twenty sixth National Systems Conference (NSC 2002) will be held at Indian National Centre for Ocean Information Services (INCOIS), Hyderabad during November 18 – 19, 2002.

NSC is an established event of the System Society of India (SSI) organized annually by a leading Academic or Research Institutions in collaboration with SSI. The conference provides a forum for Academicians, Researchers as Industrialists to meet and exchange their views and ideas regarding the application of systems approach and methodology. SSI is wedded to promote Systems Activities, Modelling and Simulations, Systems Characterization and optimization towards development and management for the betterment of the human society.

**The Main Theme for the NSC 2002 conference is “Ocean Observing Systems and Services”.**

The Conference will be inaugurated on November 18, 2002 at 0930 hrs by Dr. Harsh K Gupta, Secretary, Department of Ocean Development, Govt. of India. Dr. S C Gupta, President, Systems Society of India and former Member of Space Commission will preside over the function.

The two day conference will cover 45 technical papers in eight sessions. About 100 delegates from all over the country are expected to participate in the conference and present their research findings in the areas of Ocean Observation Systems and Services, Control Systems and Systems Theory, Power Electronics Systems, Modelling and Simulations of Systems, Computer and Communication Systems, Aerospace Systems, Cognitive Systems and Artificial Intelligence and Socio economic and Management Systems
